Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Thursday 16 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Fine and dry for most, some rain in west.

This Evening and Tonight:
Windy in the northwest with spells of rain across Northern Ireland and Scotland. Dry with clear spells in the south and east, with some patchy low cloud, mist and fog forming.

Friday:
Western areas cloudy with outbreaks of rain moving slowly east, heavy in places. Dry across central and eastern parts with broken cloud and sunny spells, warm in the southeast.

Outlook for Saturday to Monday:
Changeable with some fog by nights, and heavy showers developing by day. Generally becoming drier by Monday, but still quite a lot of cloud likely. Temperatures remain near average.
